

## ELPNA Blog TNT (Technology ‘N Techniques)

<p><b>The Evangelical Lutheran Parish Nurse Association website</b>, available at: <a href="http://elpna.org/">http://elpna.org/</a> hosts the ELPNA Blog, available as a tab on the upper index bar at: <a href="https://elpna.blog/">https://elpna.blog/</a></p>	
<p>The intent of the blog is to promote communication among Parish Nurses/Faith Community Nurses about different topics. It is a wonderful way to pose questions and obtain the expertise of other faith-based nurses!</p>	
<p>There is a mechanism to obtain new comments and responses posted on the blog that will come directly to your email! This is considered as “following” a blog. You can “follow” the ELPNA blog by clicking on the little “Follow” icon in the lower right corner of the blog.</p>	
<p>A pop-up text box will appear, identifying that this is for the ELPNA Blog and requesting your email address.</p>	
<p>Once you have entered your email address, click on the “Sign me up” text bar.</p>	
<p>Another pop-up text box will appear informing you of your success in “following” the blog and thanking you for your participation. You will need to confirm your request by email to activate the process.</p>	
<p>Now you are ready to pose a question, share information, or help a colleague! So, Blog Away!</p>	
<p><b>Congratulations!</b> You have now learned how to start “following” the ELPNA Blog!</p>
